HALIBURTON, ONTARIO

OCTOBER 9—1952

5c PER COPY \$2.00 PER YEAR

Dr. F. Graham New Liberal Candidate

Fenelon Falls Dentist Liberal Standard Bearer

Dr. Foster Graham of Fenelon Falls was selected as Liberal candidate to contest the riding in the next federal election at an exceptionally large Liberal Convention which packed the auditorium of The Canadian Legion in Lindsay to capacity.

The Convention opened with the singing of the National Anthem after which Mr. Frank Welch of Minden the chairman expressed his pleasure at the magnificent attendance of delegates.

Miss Ada Greaves of Lindsay then presented a Committee Report and explained the rules and procedure that were to govern the Convention and the selection of a candidate.

The chairman then called on Mr. Ray Webster, Warden of Victoria County to introduce the speaker. Mr. Wm. Benedickson, member of parliament for Kenora and Rainy River.

Mr. Benedickson is a very fluent speaker and gave those in attendance a very comprehensive review of the accomplishments of the government now in power at Ottawa. The speaker gave an accounting of how the manner in which our taxes are being expended. The audience was informed that 48c out of every dollar of taxes collected went for defence expenditures.

Mr. Benedickson quoted articles from New York Herald-Tribune; the London Times and Financial Post which is commenting on the strong financial position of Canada said that while much of Canada's progress was due to her great national resources, she also had been favoured with good government. The speaker stated that an election would occur within the next twelve months.

During the meeting a minutes silence was observed in memory of the late Bruce McNevin former member and candidate in the last general election.

When nominations were called the following were nominated:

Frank Welch, Minden.
William Newman, Lorneville.
Dr. Thomas, Bobcaygeon.
Dr. F. Graham; Fenelon Falls.
Warden Ray Webster, Oakwood.
David Thompson, Lindsay.
Joseph Staples, Lindsay.
Lionel Hopkins, Argyle.
Clifford Benson, Mariposa.

As Mr. Welch the chairman was a candidate a new chairman in the person of Mr. Grant Benson was selected to conduct the meeting.

The usual nomination speeches followed with all those nominated withdrawing with the exception of Dr. F. M. Graham of Fenelon Falls and Frank Welch of Minden.

A ballot was then called for and Dr. Graham was declared the winner.

So the first gun locally has been fired in what promises to be a most hot and hectic general election. While that date is not known as yet, "Be Prepared" would seem to be the motto of those interested.

A Thought For Today

TROUBLES ARE THE TOOLS
BY WHICH GOD FASHIONS US
FOR BETTER THINGS.

Highlands of Haliburton County Tourist Assoc. Annual Meeting

The Annual meeting of the Highlands of Haliburton County Tourist Association was held at Wigwag on Wednesday evening, October 1st. President Ray Arnfield occupied the chair and John Hill, Secretary, acted in his official capacity. The meeting was only fairly well attended and much of the discussion centred around the fact that interest in this important organization is confined to only part of the community whereas its value spreads out to every person who has any "stake" in the County and its affairs should be of interest to everyone who lives or works in the area.

After the routine part of the business of the Association had been completed, Treasurer Merv. Robertson presented the Financial report showing that \$3115.00 had been received by the Association during the year from memberships and County grant and that all but \$97.85 had been expended during the year in advertising Haliburton County in one form or another or in operating the Tourist Information centre at Minden. The Association ended its year with a small bank balance of \$406.14 and its financial affairs were in a sound position.

After the Financial report had been approved, President Arnfield emphasized again the fact that the

(Continued on Back Page)

High School Holds Initiation Day

Haliburton — The Haliburton High School held their annual initiation day on Friday last when the new students breaking into grade nine were put through their paces by the other students attending the school.

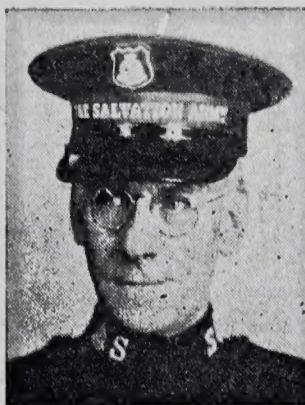

The boys were dressed up in girls clothing while the girls were dressed in boys clothing.

When they went to school in the morning one would have to take another glance at the calendar to make sure that this wasn't Halloween.

At 12 noon the students started their parade from the High School to the main street and then a parade down town. First glance at the many students could be seen the grade nine ones taking orders from the other students. All the different colours of clothing supplied a very colorful picture.

When they arrived in front of the Bank of Montreal the students gave out with some of the Haliburton High yells. After this the parade continued to the intersection in front of the Star Cafe where the grade niners were all put in a circle and gave out with a few songs from the instructions of the others.

Many of the citizens of the village turned out to watch the proceedings and all were standing around getting a big kick out of it all. After this the students loped up again and marched back to the High School.

LIEUT. COLONEL
JOSEPH ACTON

Lieut. Colonel and Mrs. Joseph Acton who have travelled thousands of miles in Alaska by Indian Canoe, dog team, etc. will be at the Salvation Army from Tuesday November 4th to Sunday, November 9th.

They will be in Haliburton at this time to conduct special services nightly at 8 p.m.

Tuesday and Wednesday, Evangelistic.

Thursday will be family night and you are asked to bring everyone out.

Friday night has been scheduled for a holiness meeting. Wednesday and Friday 6:45 p.m., Children's Meetings.

Yes, this and more awaits you at the Salvation Army from Nov. 4th to Nov. 9th.

Kenmar Lodge Site Of Teacher's Meeting

The Haliburton County Group of the Women's Teachers Federation held their quarterly meeting Saturday, Oct. 4, at lovely Kenmar Lodge at Ingoldby. A delightful luncheon was served the teachers in the main dining lounge as proceedings got under way.

Mrs. Celia Brown of Lochlin, Group President, presided at the business session which followed the luncheon.

Mr. A. E. Stouffer, Haliburton County Schools Inspector, laid before the teachers the programme planned for them at the coming Teachers' Convention to be held at Belleville and Trenton, October 17th and 18th.

An outline of a course for teachers at the Ontario Forestry School at Dorset was given by Mrs. Muriel Brown of Carnarvon who attended it recently. Instruction was given in land topography, types of soil, etc. Field excursions under experienced guides enabled the teachers to study many interesting phases of nature.

Miss Lois Robertson of Haliburton spoke briefly of the Course of Education which she took this past summer.

The Meeting's guest speaker was Miss Minott, recently appointed Public Health Nurse for Haliburton County Schools. She spoke on Principles, Policies and Practices of Public Health. She stressed her position in relation to the Schoolroom — that of a guest not an investigator. Her policies are the policies of the M.O.H. and all her work is done on advice from the office of the M.O.H. The type of work will be dependent on the needs of the Community and the school children with special effort being made to bring closer together the school and the home.

Miss Minott went on to enumerate the four parts of a child's education: mental, physical, emotional and social. "In the development of these four parts the teacher and the nurse must work together and so, in the long run, elevate the standard of living in the Community," she concluded.

Following Miss Minott's talk a discussion was held to lay plans for the Winter meeting of the Group.

Letters To Editor Open Letter To

I would like to take up a small space in your paper to thank Mr. Thos. Brignall for the letter regarding the safety of children.

But could something not be done along safety lines in schools and the homes?

There is a little song that comes on the radio every morning. It goes like this—
When you cross the road by day or night
Beware of the dangers that loom in sight

Look to the left, and look to the right
And you'll never, never get run over.

If children were taught to look to the left and look to the right before they crossed the road it would be a big help in preventing accidents.

It is not pleasant to see a child brought home covered with blood. I had that experience once myself as my small daughter was hit by a car. Fortunately she wasn't severely hurt.

So my heart goes out to the little ones who are hurt in accidents. And as we drive I keep my eyes open for any child who might dart out into the road.

Please everyone, drive carefully and teach the children safety rules.

Thank you,
A MOTHER.

Post-Office Notice

Please note change in hours at Haliburton Post Office on Statutory Holidays.

On Monday, Oct. 13th, Thanksgiving Day — the Post Office will be open from 3:30 p.m. to 5:30 p.m. for delivery of mail. No Money Orders or Savings Bank business.

Lobby will be closed when wickets are closed.

DHO Speak Highly Of Dan Gainforth

Here's a story of Dan Gainforth of Haliburton an honest employee of the Department of Highways, as told by a Department writer.

What made that success, we think, was obtaining a picture of Mrs. R. A. Harvey, Cobourg, and her third form high school daughter, Louise, at their lovely George Street home. Mrs. Harvey is the lady who lost the purse with more than \$100 in cash (people in Haliburton had upped it to \$300) negotiable check, and other valuables.

Mr. Gainforth found it and returned it. Didn't even bother to report it to Messrs William Hicklin, Asst. Engineer, and C. E. Conad, assistant superintendent of the Haliburton branch of the Huntsville division offices. To him as it would have been to most Department of Highways workers, that was just routine. If you find something valuable and can get the owner's name, send it and forget it. Mr. Gainforth is by no means "the only honest man in D.H.O. service".

But Mrs. Harvey didn't look at it that way. She felt that the courtesy extended to her should be reported. She did and that brought action reported this past week. So the point of the whole trip was getting the Cobourg lady's consent to having pictures taken for use in general news release about her purse being found and restored. She set an example to all of us who, too often, overlook the good that people do, but yell our embezzle heads off about minor things that displease us. Right there is where most of our civilization's trouble begin, we put emphasis or too much emphasis on the wrong things.

The Gainforth Home is a modest one but comfortable, and

(Continued on Page Two)

The Taxpayers Of Anson, Hindon And Minden

By now you have received your assessment notices. Undoubtedly you have noticed a considerable increase in your assessment.

Due to the fact that I have suffered a painful eye injury this summer, I was denied the privilege of talking to many of you and therefore I was unable to explain the reasons for this increase in assessment.

Most of you realize and are quite ready to admit that all assessments in this Municipality and in others are ridiculously low. It was the plan of your council to have me re-assess the entire Municipality according to the manual of Assessment Values, over a period of perhaps four years. No charge in assessment was to be made, except in cases where there was an increase or decrease in property or buildings. I embarked upon this scheme in the Spring but the County Council in June forced us to adopt other measures for the present at least. As you probably know the County has had spot assessments made by Assessors from the Dept. of Municipal Affairs in each Municipality throughout the County for the past two years. Acting on the reports of these Assessors the equalized assessment for this Municipality was set at a figure a great deal in excess of our actual assessment according to our assessment roll.

I do not say that this was grossly unfair but I do maintain that it is impossible for one assessor to properly increase the assessment over this entire Municipality in a period of much less than eight months, which is the time allotted for assessing. Nevertheless a large increase in assessment was needed in order to properly equalize our assessment at County Council.

The easiest method for me would have been to increase each property by the same percentage of previous assessment. This method however, would have penalized many taxpayers, particularly farmers and summer cottage owners and would in no way have corrected discrepancies in assessment which have existed for years. Therefore it was necessary to increase each property to a certain percentage of actual value as set out in the Assessment Manual. To do this I used both the Manual and the figures of the Provincial Assessors and tried at all times to be fair to everyone.

I have just one thing to add — something which should never be forgotten. At this Thanksgiving time we have no fear of being awakened from our sleep and dragged off to slave labour camps or death in prison, nor have we any fear of our government seizing our property, grain or livestock for the State. None of us has ever seen a child in the country with wizened face and bloated stomachs, slowly dying from starvation. We have freedom in religion and speech. If we don't like our government we have the privilege of voting for someone else. If we think our assessment is unfair we may appeal it with no fear of being ridiculed or thrown in prison to rot while our property and families are desecrated.

If you think that you have been unjustly dealt with in regard to your assessment by all means appeal it, but do it rationally and in the meantime thank God that you live in Canada.

With kind personal regards to every one of you.

Sincerely,

JOHN P. HILL,

Assessor.

Municipality of
Anson, Hindon and Minden.

A WEEK'S HOLIDAY.

MINDEN
ROTARY

Monday evening saw a "full poll" of members that were not on holidays and for the reason that there is an attendance contest on with the Haliburton club. The contest now stands at one run each and no "errors".

The speaker of the evening was Tom Daiton, who was to speak on his classification, but as his association with Shell Oil Co. is much longer than that in the hardware business, which he now is, he spoke on transportation.

Tracing its history, we find that the first efforts of man to move things other than on his own back or that of animals was by water and we find that the great ancient cities of the world were all by the water. Later man discovered that a disc with a hole for an axle made it possible to move

over land.

With the discovery of the steam engine about 125 years ago this was applied to transportation and the railway began to develop, bringing in local color he pointed out that the early settlers of this Haliburton County who largely came from the British Isles took 20 to 30 days to cross the ocean and another week to reach Haliburton. With the discovery of the internal combustion engine in the 1880's he traced this development through the automobile and on to the flying machine, which to look at it from a century or space back appears to literally eliminate space.

An example of present day transportation was envisaged this week end when your scribe met a local resident who had been absent for a month most of which he spent in England.

—Thos. W. Brignall.

Notice

D.H.O. SPEAK HIGHLY OF
DAN GAINFORTH

(Continued from Front Page)

those we posed with Danny, as he likes to be called were Mrs. Gainforth, another native of Dysart, their eldest daughter, Betty Ann, who was 17 on Sept. 19, two days before picture taking, and plans to take hospital training when she finishes high school at Haliburton where she is in the third year; Kenneth Donald, who will be 15 on September 30; grade eight; David Hugh, who was five on July 24; and Nancy Lynn, the baby girl who was born on March 31st, 1950.

Mr. Gainforth has been working for the Department of Highways part time for 15 years when he became a year round worker on January 1st, 1946. Before that, his interests were farming, lumbering and trapping, and he and Kenneth keep their hands in. He is an outstanding guide and, during holidays in 1951, got 18 deer for himself and parties he was conducting.

During the interview, marked by David's refusing utterly to face a camera until his father ended the argument, learned that the purse restored to Mrs. Harvey was found on highway, open, and not in the grass at the Hall's Lake picnic centre. No one will ever know how it got out of its owner's possession. Another curious thing is that on missing it, she went back to the picnic centre to look for it but found nothing.

The Mounting Toll
Of Highway Accidents

The mounting toll of accidents on our highways is a sure indication that the drivers of motor vehicles are becoming more and more irresponsible and reckless. It is rapidly approaching the point where it is a real hazard to travel on our highways, and all because of the ignorance, stupidity and gross carelessness on the part of drivers.

If the motoring public would only obey a few simple rules as laid down by the government, accidents would be reduced to the point where one would be a fairly rare occurrence instead of the most common news in the press and on the air.

The speed limit of 60 miles has been set by authorities who have studied the traffic situation and they have found that when speeds of over 60 miles are attained, danger looms ahead — so stay within the speed limit.

The next important rule, and we think the most important of all, is to stay well to the right hand side of the road.

Passing traffic on curves seems to be the most flagrant violation of the rules of the highway. It's a peculiar thing that drivers cannot control their urge to pass traffic until a good clear straight space looms ahead. They must try to pass on grades and curves.

The old slogan of care, courtesy and common sense seems so lacking in most of our drivers. Instead, we have stupid morons behind the steering wheels who, through their ego, ignorance, and lack of common sense are potential murderers of innocent citizens.

Is it because the government is lax in the issuing of licenses to irresponsible and inefficiently instructed applicants? Is it because the men appointed to pass on these applicants, are themselves not capable?

Whatever the cause, it is up to the authorities to find it and make our highways safer.

MINDEN

The Royal Canadian Air Force is making plans to purchase a fleet of 80 Bristol Britannia 65-ton transport aircraft, according to a report in the October issue of Canadian Aviation magazine.

The magazine claims that Canadian Aircraft Ltd. in Montreal has been assigned to explore the prospects of manufacturing Britannias in Canada for the RCAF on a license arrangement with Bristol.

The RCAF wants Britannias for two purposes.

1. To replace obsolete Lancasters for coastal patrol and anti submarine duties. For this activity the high speed high altitude features of the Britannia would not be required. Thus it is proposed to equip the big British designed transports with American Wright Cyclone compound piston engines in place of the turbine propeller Proteus engines of the original design. The piston engines would have lower fuel consumption.

2. To succeed the North Star fleet now flown by Air Transport Command to form a pool of big transport aircraft, considered essential to a wartime logistics programme.

Trans Canada air lines already has expressed lively interest in the Britannia as a long range passenger carrier. For short range, the airliner can carry up to 107 passengers plus 7,000 lbs. of cargo. Cruising speed is 370 mph at 35,000 ft. with propeller turbine engines. The Britannia made its first flight in September.

Dysart Recreation Modernizing The Highlights Turnip Storage

In speaking with the Recreation Director, Herb Baker, he tells us that things are starting to roll in the recreation world.

He would like to announce that a hard time dance will be held this Friday night in the Haliburton Community Hall. This hard time dance will take the place of the regular teen town dance held every Friday evening. Herb went on to say that this is not a masquerade dance but everyone is asked to come in the oldest clothes they have. Yes this Friday night lots of fun awaits you at the hard time dance at the Community Hall. Plan now to attend.

Latest reports tell us that the table tennis is expected to get underway very soon in the Community Hall. We hope to be able to tell you more on this at a later date.

The hockey school which has been going on at the Haliburton Community Arena has been postponed for the present time.

The turnouts to the hockey school have been anything but good and there must be a reason for this. Some say that they have too much homework and can't take time off to attend. Others have the idea that the school is being held too early in the year. So for the present time the school will be open Saturday mornings until further notice. With all the young boys in the grounds Saturday morning it was decided that a switch be made.

The Art Classes are now underway at the Community Hall and they will be held on Mondays and Wednesday of each week. Ken Pearson who is very good in Art has made it clear that he will assist Herb Baker in the Art Classes. Anyone wishing to take part in these classes are asked to get in touch with the Recreation Director.

A good storage for table turnips (rutabagas) is a wise investment for a grower, for he can then hold his crop without fear of storage losses. Such storage for turnips can be newly constructed or an existing storage modernized at a reasonable cost.

If an existing storage is to be modernized, it will be necessary to examine the structure, insulation, and ventilation system, and carry out improvements in that order. It is useless to install ventilation equipment for temperature control if the storage lacks sufficient insulation.

The improving of turnip storage is fully discussed in a circular just prepared by E. W. Franklin, Department of Horticulture, Ontario Agricultural College. It is obtainable at the office of the agricultural representative or directly from

\$93,494,460⁵⁷

Since the first Canada Savings Bond was sold—interest payments totalling about ninety three and a half million dollars have been paid out to about one million owners. This represents an average return of approximately \$100. Some owners have earned more interest than this—some less—but all would agree that they have had a handsome return for an investment that is cashable at full face value at an instant's notice.

It is the easiest, most carefree way to earn money that one can imagine. And now the new Seventh Series of Canada Savings Bonds offer a better return than ever! They pay an average of 3.44% per year if held for their full term of 10 years and 9 months. The Seventh Series bonds—like earlier issues—are cashable at full face value plus interest at any time at any bank in Canada.

**It's MEDLEY'S At Carnarvon****DHO Trip To
Haliburton**

At Lindsay, boasting the widest main street in Ontario and close to 14,000 people, got involved in annual fall fair traffic jam. Tempted to stop over and pose as Toronto pie baking judges, decided to keep on for Haliburton, especially after hearing one of the pie bakers, a huge blonde, tell her husband to "shut your big trap".

At Balsam Lake saw the trip's first scarlet maple, a bugle note announcing the fine newly surfaced 35 mile section of Highway 35, which has been improved in the past two years. Then, suddenly, we saw gateway sign announcing that we had come to the "Highlands of Haliburton", with a Department of Highways park just beyond. Then came Miner's Bay and Minden, with supper to break the journey.

Night had come when we got to Haliburton to find a good hotel, all things considered, with comfort and quietness at night. Mr. C. E. Coad was waiting for us and, soon after, Mr. Hicklin came in to welcome and help us in all that we hoped to do. First on, we went down the street to talk with Reeve H. J. Black of Dysart Municipality which embraces nine townships. Mr. Black is also warden of the Provisional Council of Haliburton. He was elected reeve for the first time three years ago with council whose average age was 33 years. It included one man 46, the others pretty young. However, their achievements make a fine catalogue. One was getting a new fire truck. Just a week before, this newly arrived new truck got into action with the volunteer brigade when fire broke out in sheds back of the main group of store buildings.

"Without the truck," Reeve Black said, "we probably would have lost half of our business district and it could have been a major disaster". Little things tell the character of men, and that's why we were glad to note the Warden's cigarette routine at the Golf Clubhouse Sunday morning. Other people there were dropping cigarette butts on the field stone porch almost as if they were in the halls of the East Block. Mr. Hall, we noted, looked around, spotted an ash tray, and put his cigarette butt there. That's the sort of leaders needed in all areas, and particular where a community's very life and prosperity depends on scenery that attracts tourists from over the whole continent.

However going back to Saturday night, we learned about the Department of Highways branch office, stores and yard at the corner of Maple and Victoria Streets. Two snowplows are centres there and another at Tory Hill. We saw the yard early Sunday morning and it was as neat as a pin, and a credit to the village. Mr. Hicklin told us that Dysart Township is named from fishing village in what was once the Scottish "Kingdom of Fife". While we didn't get a chance to meet Deputy Reeve A. H. Curry, met his cousin, Ex-Warden R. J. Curry who was Reeve of Dysart for ten consecutive years and twice Warden of Haliburton. His father, W. R. Curry also served two terms of Warden; and his grandfather, A. J. Curry was Warden of Haliburton around 1912. Warden Black and Ex Warden Curry went with us on Sunday morning tour of road development visit to home of Mr. Gainforth where he and his family were photographed.

**W. J. Price A Great
Sport Fan**

We would like to announce that Mr. W. J. Price has purchased Boskung Lodge. This is just a new lodge built very recently and from the road these smartly painted cabins look very attractive.

It has been brought to our attention that Mr. Price is a great sport enthusiast and has taken part in many sports in the past.

Mr. Price who is a great figure skater and it is thought that he could instruct the others in Haliburton. Mr. Price was also a great hockey player and would like to get back into the game as a coach.

DONALD

Mr. and Mrs. J. E. Harrison of Toronto are spending three weeks at their cottage on Koshlong Lake. Mrs. M. Stata of Lindsay was a week end guest with her son Ken and Mrs. Stata.

Messrs. Wm. Larley and Roy Tripp of Lakefield called on friends over the week end.

Mr. and Mrs. Cecil Harrison spent the week end recently with Mr. and Mrs. James Blair at Reaboro. Mr. Tom Pasquino spent the week end at home.

Mr. and Mrs. Elmer Pringle of Toronto are guests at Mr. and Mrs. Geo. Pringle's.

Mr. and Mrs. Duncan Blair of Macdler spent a few days last week with Mr. and Mrs. Cecil Harrison.

Mrs. Wm. Cowan and May called on Mrs. Cecil Harrison on Tuesday.

Mr. and Mrs. Eldon Cowen visited with Mr. and Mrs. Wm. Cowan on Sunday and called on Mr. and Mrs. James Harrison at Koshlong in the evening.

Mrs. Roy Ballis, Dennis and Deby Mrs. Merle Pringle, Roberta, Jimmie and Gary visited with Mrs. Cecil Harrison one day during the week.

Mr. and Mrs. Anthony Elstone of Haliburton called on friends on Friday.

Mr. Fred Weaver was a business visitor in Haliburton on Saturday.

Mr. and Mrs. Merle Pringle and children, Mr. and Mrs. Roy Bates, and children visited in the Algonquin Park on Sunday.

Mr. A. Hughes called on Mr. and Mrs. Geo. Shaw on Sunday.

Mr. Bert and Miss June Maine of Buckhorn were in town on Sunday.

**The Local Sports
Scene**

At the time of writing the students of all the schools in the Dysart school area are preparing for their field day.

Speaking of the World Series and who isn't talking about it, Sundays game in which the Dodgers pulled out of the bag was one of the best games we've heard in years. Bill Corum in his report after the game claims that it was the best world series game ever played since 1902. But in our opinion the Dodgers seemed to have that extra stuff to make them a winner. After taking a 4 to 0 lead in the first of the game the Yankees came back to tie the ball game up and get another run. But the Dodgers tied it up and went on to win. Everyone seems to be for the underdogs and that's why most of the ball fans in these parts are rooting for the Brooklyn Dodgers.

The regular Teen Town dance scheduled for the Haliburton Community Hall last Friday was cancelled due to the dance held at the Haliburton High School. The Haliburton Huskies held a very successful meeting at the Haliburton Curling Club on Wednesday night. The Syracuse Warriors and their farm club the Springfield Indians held a very good exhibition game at the Lindsay Arena on Saturday night. Schinkel who played with the Lindsay Juniors last winter will line up with a Junior A club this season. Al Blanchard is expected to be back in the nets for the Haliburton Huskies this season. The Minden Monarchs hope to have most of last year's team back in uniform for the coming season. From all reports the world series this year played between the New York Yankees and the Brooklyn Dodgers was one of the best played in some years. The Chicago Blackhawks training camp reports that Al Rollins is playing great goal for them in pre season exhibition games.

A report from Lindsay tells us that the game between the Syracuse Warriors and the Springfield club was well attended. Players from both clubs were split up for the contest.

Recreation Director Herb Baker informs us that the hockey school will be postponed until a later date. It hasn't been well attended up to this time and it could be that is a little early for that right now.

HISTORY of the PROVISIONAL COUNTY of HALIBURTON

Compiled by R. H. BAKER

DYSART TOWNSHIP

The township was surveyed in 1860 and is called after the Fife-shire seaport town of Dysart, situated on the Firth of Forth. The place bears traces of the Romans, Danes, and Cromwell, with their war paint on, and also of early religious orders. Dysart exports coal and salt and is noted for its flax manufacturers. Dysart house, near the town, is a seat of the Earl of Rosslyn. The Earldom of Dysart belongs to the Manners-Tollu-Mache family.

In 1861 the Canadian Land and Emigration Company purchased from the Government of Upper Canada, nine townships, consisting of Dysart, Dudley, Guilford; Harburn; Bruton; Havelock; Eyre and Clyde. The object of the Company was largely speculation and to cut a long story short, it may be said that those who took stock in it lost more than they gained.

One of the first efforts of the Company was to build a wagon road, which branched off from the Bobcaygeon road two miles south of Minden Village, (for goods had to be brought from Peterborough, the principal place of purchase, by horses.) Said road was built through by way of South Lake and Austins Narrows, now Ingoldsby, up the big hill, called Connors Hill now Goulds Crossing and east to the Buckhorn Road at what was later called Gainforths corners, thence north to Haliburton.

In 1864 a water power sawmill was built in the village plot of Haliburton, the timber for the dam and lower portion of the mill being sawn by two men, with what is known as a pit saw. A grist mill was also built, for what was considered a good crop in those days.

Mrs. Emily P. Weaver author of "A Canadian History for Boys and Girls" says in her Story of the Counties of Ontario, a tiny church 16 feet by 24 feet was put up by Mr. Stewart, the manager of the Lands Company. The first services were read by a surveyor, whilst

an English doctor "led the choir" with an accordion. Unfortunately the doctor's repertoire consisted only of two tunes. The Evening Hymn and The Men of Harlech. Settlers of all denominations attended the services and sent their children to the Sunday School and after a time the little church was replaced by a much better one, whilst the accordionist was superseded by an organ, given by Mrs. Haliburton, the widow of the Nova Scotia humorist.

The writer, as a little boy, remembers the first Agricultural Fair, held in the space in front of James Earskines blacksmith shop, where the ladies work was displayed on a line stretched above a carpenter's work bench was taken up by a variety of exhibits, among which were two pairs of ox bows and an ox yoke complete with wooden bow keys. Under the work bench were turnips, potatoes and other garden produce. There were also two nice pumpkins and some corn, the exhibit of Mr. David Sawyer, uncle of the present Reeve of Stanhope.

Haliburton is situated at the head of a very pretty chain of lakes, giving navigable water for fifteen miles, while it is also the terminus of the railway.

Naturally a well kept village, nicely situated with good accommodation for visitors, while it nestles in a sportsman's paradise, will become more and more the place to attract holiday seekers.

At the southern end of Dysart Township is a village that sprang up with almost mushroom rapidity it being the outcome of a venture to establish a chemical works which has been in operation since 1909. At first, Germany was the best customer, but after the war was declared, England purchased all the acetate, etc. Thousands of cords have been consumed and employment furnished for a number of men. The plant with equipment is said to have cost more than a million dollars. The principal products are a acetate of lime, wood alcohol and charcoal.

Cloud Pictures

Did you ever watch a storm draw nigh
The gathering clouds that arose on high?
Did you ever pause by the way to look
To watch the forms that the great clouds took.

Did you ever see in its winged flight,
A great grey horse like a thing of night
Zooming his way across the sky
As the great grey clouds went rolling by?

Or maybe you saw if you tarried awhile,
A Roman youth with a quiet smile
Placed in his lovely curling hair
The prize of a laurel wreath is there.

See! over the hill is a great church spire
And the soft white clouds for a white robed choir.
And down by that mountain side so steep,
Are little cloud lambs and unshorn sheep.

Or was it a centaur half man, half beast
That rose to your eyes from the stormy east
Or was it great Thor with his mighty hand
That hurled his hammer through out the land?

Did you see the giant that shouted he,
As he waved his club at you passing by?
Or a great grey lion with tangled mane
Then like roars from a lion the thunder came.

Or did you ever pause and watch the view
As the parting clouds let the sun smile through?
Pictures of mind art these to see
And the poet points them for you and me.

—Mavis Nalce.

PUBLIC NOTICE

Notice is hereby given that By-law No. 171 having been read a first and second time for the purpose to stop and close that portion of the old Bobcaygeon Road lying West of Highway No. 35 across Lot 31, Concession A, in the Township of Minden in the Provisional County of Haliburton and conveying same to the registered owners whose land now abuts on the Bobcaygeon Road.

And further take notice that the Municipal Council of the Municipality of Anson, Minden and Minden will, on the 29th day of October 1952, at three o'clock in the afternoon in the village of Minden, hear in person or by his counsel any person who claims to be prejudicially affected by the passing of this By-law.

FRED B. WRIGHT,
Clerk of the Municipality of Anson, Minden and Minden

Church Notices ANGLICAN

Attention Safety Experts

Anyone interested in the serious application of safety principles, especially as applied to school children would do well to examine a document recently prepared by the Board of Education of the City of Toronto.

Obviously the result of careful and extensive surveys, the brief breaks down into three sections:
* A resume of teaching methods and practices in the schools;
* Comments and suggestions applying to schools generally;
* Specific suggestions from principals of various schools on how they believe their traffic safety conditions could be improved.

It is understood that while the brief was prepared for particular use in Toronto, a limited number of copies could be made available to safety officials elsewhere. Application should be made to Dr. C. C. Goldring, Director of Education, 155 College St. Toronto.

Salvation Army Rummage Sale

The Home League of the Salvation Army are holding a Rummage Sale in the Salvation Army Hall on October 30 from 3 to 5 and 7 to 9.

If you have any articles that you would donate to this sale it would be greatly appreciated.

Proceeds to go to Christmas Cheer Boxes which are distributed to Hospital patients and needy families.

Dysart Recreation Fall Schedule

NOTICE OF ANNUAL MEETING

The Liquor Licence Act, 1946

LICENSING DISTRICT NUMBER 7

TAKE NOTICE THAT THE ANNUAL MEETING OF THE LIQUOR LICENCE BOARD OF ONTARIO FOR LICENSING DISTRICT NUMBER 7 COMPRISING COUNTIES OF DURHAM, ONTARIO, PETERBOROUGH, VICTORIA AND THE DISTRICT OF HALIBURTON, WILL BE HELD AT THE CANADIAN LEGION HALL, 217 MURRAY ST. IN THE CITY OF PETERBOROUGH IN THE COUNTY OF PETERBOROUGH ON FRIDAY, THE 24th DAY OF OCTOBER, 1952, COMMENCING AT THE HOUR OF 11:00 O'CLOCK IN THE FORENOON AT WHICH TIME IT WILL HEAR AND DETERMINE APPLICATIONS FOR THE RENEWAL OF LICENCES IN ACCORDANCE WITH THE LIQUOR LICENSE ACT, 1946, AND REGULATIONS THEREUNDER.

AND FURTHER TAKE NOTICE THAT ANY PERSON RESIDENT IN THE SAID LICENSING DISTRICT OBJECTING TO ANY SUCH APPLICATION SHALL FILE HIS GROUNDS OF OBJECTION IN WRITING WITH THE ACTING DEPUTY REGISTRAR AT LEAST TEN DAYS BEFORE THE MEETING.

H. J. Browne,

ACTING DEPUTY REGISTRAR

480 UNIVERSITY AVENUE, TORONTO 2, ONTARIO

St. George's W. A.

A business and devotional meeting of St. George's W. A. was held at the home of Mrs. Bruce Henry Tuesday, September 30th at 8 p.m. with President Mrs. Elwood Austin presiding.

The meeting opened with the W. A. Litany followed by the usual prayers.

Mrs. Cathcart read the scripture lesson taken from the 6th chapter of Timothy, ver. 1 to 12.

Eighteen members answered the Roll Call and were pleased to welcome Mrs. Reg Dart and Mrs. Fleming as visitors.

The minutes were read and adopted, the financial statement was presented and approved.

It was decided to hold a rummage sale on Saturday, Nov. 1st in the Community Hall and that the date of the bazaar be December 3rd.

Plans were also made for a congregational supper to be held in the church basement at 6 p.m., the price of admission being 50c.

Saturday, October 15th was the date set for the Little Helper Party to be held in the Church basement at 3 p.m.

The E. C. D. collection was taken up. Pledge envelopes were handed and several articles of sewing given out.

The next meeting will be held in the church basement, October 14th at 8 p.m.

Rev. Cathcart pronounced the benediction and a social half hour followed.

Attention Ladies!

All women interested in sewing lessons that will be taught at the Haliburton Community Hall please apply this Saturday, October 11th, at the Community Hall from 10 a.m. till 12 noon.

Full information for these lessons can be obtained and a small deposit will assure you a place. These lessons will be taught by the Singer Sewing Centre from Lindsay and will do all we can to make the sewing course a success. Thank you.

MINDEN

Mr and Mrs T. H. Newell of Saskatoon, Sask., have arrived in Minden and will take up residence in town to be near their daughters; Dr. Edith Newell and Mrs. Jean Jackson.

Mr. Newell was for many years the manager of a large insurance and real estate business in Saskatoon and just recently retired from business. We welcome Mr. and Mrs. Newell to the community.

Mrs. Edward Harding and sons David and Rickie spent a few days in Newcastle visiting friends.

Miss Ida Noice is moving into her new residence this week end.

Mr and Mrs J. M. Irwin have left on a vacation to Montreal, New York and the Cape Cod district. They will be accompanied by Mr and Mrs R. J. Bishop of Montreal, formerly of Haliburton.

We are sorry to hear that Mr. Will Welch has suffered a stroke.

The Misses Isabel and Phyllis Curry expect to move into their new residence in town next week.

Miss Ida Noice spent a few days in Toronto, the guest of her nephew, Mr. Norman Craig.

A large congregation was on hand at St. Paul's Anglican Church last Sunday morning for the Annual Thanksgiving Service to hear Rev. E. A. Irwin deliver an inspiring sermon. The church was beautifully decorated with a profusion of autumn leaves, fruits and vegetables.

Mr and Mrs Lloyd Ash and son Wayne of Peterboro visited Mr. and Mrs. Earl Hewitt last week end. In company with Mr and Mrs Hewitt and their daughter Peggy and Michael Jackson, they took a trip up through the Park, which is now at the height of its beautiful coloring. They saw thirteen deer during their journey.

We are pleased to announce that Mr. Thos. Prentice is much recovered from his recent illness.

Mr. and Mrs. Harry Easton spent last week in Toronto, the guests of Mrs. Easton's daughter, Dorothy.

We are sorry to hear that Mrs. Angus Coulter is ill.

Don't forget the Big Turkey Supper at St. Paul's Parish Hall on Wednesday, October 22nd.

A card party will be held in Minden School on October 15th. This event is being sponsored by the Home and School Association. We understand the admission will be 50c.

REV. R. DEAN ACCEPTS CALL TO VICTORIA B.C.

After ministering in Haliburton and district for four years Rev. R. L. Dean, pastor of the Gospel Lighthouse, leaves this week for Victoria, B.C. where he has accepted a call to pastor Evangelist Temple in that city. Rev. R. Dawson will be taking his place temporarily until the new pastor arrives.

HIGHLANDS OF HALIBURTON COUNTY TOURIST ASSOC. ANNUAL MEETING

(Continued from Front Page)

benefits which the Association sought to bring to the area were many — that the work it could do was strictly limited by the funds available — and that the only source of money was public support from the members or from the County Council. He stressed again that any effort which was closely linked with the prosperity of the County should be supported by ALL residents and business people of the County and that the only fair and equitable way to get such universal support was to budget for the needs of the Association and collect the necessary funds by adding a mill or two to the tax rate. Muskoka publicity is financed in this way and as a result is able to publicize its attractions far and wide to the detriment of Haliburton County which has much more to offer the vacationist but which is relatively unknown — and relatively neglected as a summer playground as a consequence.

Many angles of the Tourist business were discussed. The poor mail, telephone and telegraph service up Highway No. 35 above Minden came in for some very harsh criticism. The operators there find a three time a week mail delivery entirely inadequate and repeated petitions had done nothing to remedy a situation which is intolerable. Telegrams had taken seven days for delivery and visitors would certainly sing no praises for an area so poorly served and where facilities for communication are so inadequate. The efforts of the Association will be thrown behind the demand for some betterment in this situation President Ray promised.

Wild Life conservation was stressed by Mr. A. G. Brooks from Koshlong Lake as a means of increasing Tourist Interest. Mr. Brooks thought that if the County were made a wild life sanctuary or parts of it were set aside for such purpose each year on some sort of rotating basis, that wild life would increase greatly and would benefit not only the Tourist Resorts but business in general, and that the sportsmen would also benefit by the larger number of deer and other game which would result from a little careful attention to this asset of the County.

The President reported that considerable thought had been given by the Executive to the desirability of changing the name of the Association to "Haliburton County Chamber of Commerce" or some such suitable designation. The matter will be considered in further detail by the new Executive and the meeting in general seemed to approve such a change — particularly if it would have greater appeal for the business men of the County.

Election of the new Executive — after a large slate had been nominated — resulted in eight members of the 1952 Board being returned to office and four new members being elected. The new members are Ron Woods of Pine Ridge Lodge; Frank Waters of Fairfield Bay Resort; Bruce Henry of Hallmar and Jack Robertson of Robertson's Marketeria in Haliburton. Former Executive members re-elected were Ron Curry of Curry Motors; Ray Arnfield of Holiday Inn; Mervin Robertson of Wig-a-mow; Fred Jones of Drag Lake Lodge; Harold Proctor of Glen Eagle Lodge; Bob Harvey of Tall Pines; Alvin Kaye of Camp Lagakelo and Lorne Dawson, Insurance, Minden. The Chairman expressed pleasure in that the election had given representation to almost every section of the County and to a wide group of varied business interests.

Pressure of business on the space and personnel available has forced Mr. Lorne Dawson of Minden to ask that the Tourist Information Bureau operated by the new Executive will have this task to solve as one of its first duties. Several suggestions were put forth at the meeting by the members. Many kind things were said of the efforts of Mr. Dawson and his capable staff and the thanks of the Association are due to him for the great contribution which he has made to the benefit of the County as a whole.
